

HIGH KEY LIGHTING

# HIGH KEY LIGHTING

- a style of lighting for photography and film, where shadows and contrast are minimized.

WHAT FEELING/MOOD IS CONVEYED  
WITH A HIGH KEY PHOTO?

# HIGH KEY LIGHTING

- High Key Lighting usually gives the photos an upbeat and positive mood.
- Photographers use it to highlight the beauty of a subject because the lighting minimizes wrinkles/flaws

# HIGH KEY LIGHTING

- TIPS!

- Light the background!
- Make sure there is a lot of light! Use a **key light** and a **fill light** to light your subject.
- Gradually overexpose your photos so you have a range of exposures to choose from.
